संदेश

भारत के विजनरी प्रधानमंत्री आदरणीय श्री नरेन्द्र मोदी जी ने भारत को 5 ट्रिलियन डॉलर अर्थ-व्यवस्था के रूप में विश्व पटल पर विकसित करने का संकल्प लिया है। मध्यप्रदेश सरकार इस संकल्प की सिद्धि के लिए अपना सर्वश्रेष्ठ योगदान देने के लिए तत्पर है। आत्म-निर्भर मध्यप्रदेश रोडमैप में अर्थ-व्यवस्था एवं रोज़गार को चार प्रमुख स्तंभों में से एक स्तंभ के रूप में सम्मिलित किया गया है।

राज्य के आर्थिक विकास तथा आत्म-निर्भर मध्यप्रदेश 2023 के लक्ष्यों को हासिल करने में बैंकों की उल्लेखनीय भूमिका है। चाहे स्व-सहायता समूहों के लिए क्रेडिट लिंकेज का विषय हो अथवा विभिन्न स्व-रोज़गार योजनाओं के अंतर्गत पात्र हितग्राहियों को ऋण वितरण, पिछले 2 वर्षों में कोरोना की कठिन परिस्थितियों के बावजूद बैंकर्स ने टीम मध्यप्रदेश के एक अभिन्न अंग के रूप में कार्य करते हुए ऋण प्रकरणों की स्वीकृति एवं वितरण के लिए अथक परिश्रम किया है, जिसके लिए वे बधाई के पात्र हैं।

यह प्रसन्नता का विषय है कि मध्यप्रदेश में कार्यरत सभी बैंकों द्वारा ऋण के माध्यम से राज्य के आर्थिक विकास को गति प्रदान करने हेतु राज्य स्तरीय बैंकर्स समिति द्वारा **वार्षिक साख योजना वर्ष 2022-23** का प्रकाशन किया जा रहा है। हमारा राज्य कृषि प्रधान राज्य है और रोज़गार तथा स्व-रोज़गार के माध्यम से गरीबों, किसानों, नौजवानों एवं महिलाओं का सशक्तिकरण राज्य शासन की प्राथमिकता है। वार्षिक साख योजना में वित्तीय वर्ष 2022-23 हेतु स्व-सहायता

....2....

समूहों के लिए रुपये 2 हजार 553 करोड़ के ऋण वितरण के लक्ष्य के साथ कुल रुपये 2 लाख 53 हजार 449 करोड़ के ऋण वितरण का लक्ष्य निर्धारित किया गया है, जो न केवल प्रशंसनीय है, बल्कि यह प्रयास आत्म-निर्भर मध्यप्रदेश के निर्माण के लक्ष्य को प्राप्त करने में उल्लेखनीय भूमिका अदा करेगा।

मैं आशा करता हूँ सभी बैंक सामूहिक रूप से एक टीम के रूप में कार्य करते हुए इस वर्ष हेतु निर्धारित लक्ष्यों को प्राप्त करेंगे। मुझे आशा ही नहीं पूरा विश्वास है कि वार्षिक साख योजना का यह दस्तावेज मध्यप्रदेश में कृषि एवं ग्रामीण विकास के साथ-साथ राज्य के आर्थिक विकास को नई गति और नई ऊर्जा प्रदान करने वाला बनेगा।

शुभकामनाओं सहित

## FORWARD

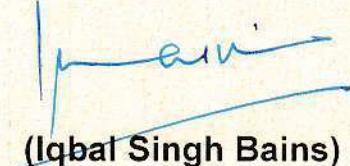

It is heartening to learn that the State Level Bankers' Committee (SLBC) is releasing the Annual Credit Plan for financial year 2022-23, detailing the credit assessment by the banks for financing to various sectors in the State during 2022-23, which is Rs. 2,53,449 crore for priority and non-priority sectors.

We might just be knocking at the door of the post-COVID world. Banks should walk extra mile that go beyond the lending function to speed up economic recovery post the pandemic. I am happy to note that around 65% of the total credit assessment has been earmarked for the agriculture sector, keeping in view the dominance of agriculture in the State. Of which, 27% share has been kept for agriculture term lending.

Government's priority is to provide employment opportunities to youths and empower the rural women of Self-Help Groups economically. I am happy that credit disbursement target of Rs. 2,553 crore has been set for SHGs. Simultaneously, to take advantage of the changing economic scenario and to provide employment to the unemployed youths, 17.73% of the credit plan has been identified for MSME sector.

I believe that the combined efforts of State Government and Banks will boost the economy of the State. I urge upon the bankers to take it upon themselves to achieve the given targets and contribute their bit for bringing sustainable prosperity in rural areas and equitable development of Madhya Pradesh.

I would like to congratulate SLBC and Directorate of Institutional Finance team for its efforts and convey my best wishes for the success of this publication and implementation.

## MESSAGE

State Level Bankers' Committee (SLBC), in pursuit of rural development and overall development of State, closely aligns itself with Government and financial institutions to dovetail its developmental agenda with the national strategy of inclusive growth. Bank credit is an important component for economic transformation and forms the backbone of development planning in the State.

I am glad to know that the SLBC is coming out with Annual Credit Plan (ACP) for the State of Madhya Pradesh with an outlay of Rs. 2,53,449 crores for the financial year 2022-23. In line with the priorities of Govt. of India, RBI, NABARD and the Double Digit Inclusive Growth framework of Govt. of Madhya Pradesh, the total credit projections under Priority Sector for the year 2022- 23 have been assessed at Rs 2,23,449 crores, which includes Rs 1,64,761 crores for Agriculture Sector and Rs.44,945 crores for MSME sector.

I am sure that all Banks and Government Departments in the State will work in a coordinated way and ensure to not only achieve the targets set in the ACP but also to aim for inculcating better credit discipline among the beneficiaries which will give a fillip to development of the targeted sectors.

I wish all success to SLBC, Madhya Pradesh, its Member Banks and different participating agencies in their endeavour.

## M E S S A G E

Economic Development is a multi-stakeholder driven process where planning plays an important role. Systematic planning requires a bottom-up approach to map the existing potential for development of a District and the State. The Reserve Bank of India under Lead Bank Scheme has mandated banks to set out priorities for financing under various sectors during a year in consultation with NABARD and other stakeholders. State Level Bankers' Committees (SLBCs) are the pivot for finalising Annual Credit Plans in order to achieve the defined goals and objectives for development activities in the States and Districts.

State Level Bankers' Committee (SLBC), Madhya Pradesh has finalised its Annual Credit Plan (ACP) for the financial year 2022-23 with an outlay of Rs 2,53,449 crore with share of Agriculture sector being 65% (Rs 1,64,761 crores) as it is the main source of livelihood of a large number of the people in the State.

I am sure that the ACP document will be useful to all bankers in the state to crystallise their plans for enhancing the flow of credit in the state. I urge the banker's community to strive hard and ensure to achieve the targets of ACP.

I complement SLBC Madhya Pradesh team for their hard work in preparing a comprehensive Annual Credit Plan for the State based on credit plans of all the Blocks and Districts and in the State.

Yours Truly

## Message

It is heartening to know that the State Level Bankers Committee (SLBC) has finalized the Annual Credit Plan (ACP) for the State of Madhya Pradesh for the financial year 2022-23. The role of credit can hardly be overemphasized in spurring the growth of various sectors and more so in the case of agriculture and rural sector, as a substantial population of the State is directly dependent on them for their livelihood.

In recent years, Madhya Pradesh has witnessed very healthy growth rates in the agriculture and allied sectors. In the total Gross Value Added(GSVA) at current prices by economic activity, the share of crop sector(32.58%), livestock(8.88%) and fishing and aquaculture(0.40%) together contributes 42% of the total GSVA reflecting the critical contribution of the agriculture and allied sector in the economic development of the State. However, the ratio of total agriculture credit to total Gross Value added(agriculture and allied sector ) in the State is just over 20% whereas the ratio is over 42% at the all India thereby signaling the ground that needs to be covered.

The ACP is embedded in a well grounded bottom up credit planning exercise wherein NABARD's Potential Linked Credit Plans(PLPs) gets aggregated into State Level Credit Plan(SLCP) which forms the basis for ACP. The ACP is dovetailed with SLCP to ensure that the maximum potential is realized when these targets are set in the ACP.

I am happy to note that the Annual Credit Plan of Rs 2,53,449 crore (including Rs. 2,23,449 crore for Priority Sector) will critically help in enhancing Ground Level Credit (GLC) in the State for the financial year 2022-23. Realizing the target would improve the credit to GDP ratio in the State. Inclusive growth requires that growth in credit is also inclusive with credit starved regions and target groups getting a fair share of the scarce resource. From the stand point of the sector the balance between crop and term loan is also critical. This needs to be further improved (currently the share of ATL being around 28%) in the State, as at the national level, term loans constitute 40%. Increasing the level of ATL in the State holds immense potential as commercial and new agriculture is investment intensive.

I am sure all of us will make concerted efforts to meet the targets set in the ACP 2022-23 and the focus would be to move the ecosystem towards more effective and inclusive credit growth. I also urge all banks to learn from each other's experience and share it for the larger good which will surely help in supporting the growth of agriculture and rural development in Madhya Pradesh.

NABARD will do all that is necessary to support bankers in this mission and I wish SLBC and bankers a productive year ahead.

# PREFACE

The advent of micro level credit planning at grass root level plays an important role by conceptualising the integrated approach towards all round development. Generally, the State Credit Plan is an aggregation of approved credit plan of the districts. However, the Annual Credit Plan (ACP) for FY 2022-23 has been prepared duly taking into consideration, the Potential linked credit plan of NABARD, approved District Credit Plans and credit needs identified for the various segments of the society by the implementing agencies of the Government's departments.

I have great pleasure in bringing out the Annual Credit Plan for the year 2022-23 of the state which envisages a credit outlay of Rs 2, 53,449 crores which is 12.24% more than the previous year's credit plan. Out of which, a projection of Rs 2,23,449 crores has been made for priority sector and Rs 164,761 crore and Rs 44,945 crore for the Agriculture Sector and the MSME Sector respectively.

ACP also envisages continuing thrust for greater credit support to youths for providing them self-employment opportunities. Keeping in view the State Government priority to boost Women Self Help Groups, a fund of Rs 2,553 crore has been allocated for SHGs. In addition, targets of all Government Sponsored Schemes have been taken into account and such programmes shall be implemented with full vigour and spirit.

The important factor of this planning is proper utilisation of resources for creating assets and wealth in the state thereby enabling the resources reaching wider areas and larger segment of population.

I sincerely thank all my fellow Bankers for their continued co-operation and support for ensuring the all-round development of the state. I also extend my thanks to Reserve Bank of India, NABARD, the Line Departments and LDMs for their valuable guidance and support.

I am sure, all of us involved in the planning process, shall put forth the best efforts in executing the same and achieve the set goals for developing the state in a Greater Way.

Reflecting the recovery in the economy after two years of the Covid-19 pandemic, banks have seen sharp growth in advances by the end of the fiscal year 2021-22. It is noted that the third wave of the pandemic did not have much of an impact on economic activities as compared to second wave. Credit demand from the retail segment, small and medium businesses has been strong, but with the economic recovery in full swing, there is demand coming from other segments as well. Expectations are that credit demand from corporates, which had been largely muted, will also see an improvement in the current fiscal.

Aggregate deposits increased by Rs 57,230 crore y-o-y and stood at Rs. 545,918 crore in March 2022. The year-on-year (y-o-y) growth in aggregate deposits worked out to 11.7% in March 2022 as against an increase of 15.4% last year. Bank's deposits increased at a record pace in 2021 reflecting increased precautionary saving by households and businesses in response to the pandemic. Deposit growth likely slowing but abundance of low-cost funding could endure through 2022.

Agriculture credit increased by 9.0% y-o-y to Rs.1,28,430 crore in March 2022 from Rs. 1,17,797 crore previous year. Agriculture credit is constituting 32.38% of the total credit portfolio as on March 2022.

The timely policy interventions have helped alleviate the stress experienced by individuals, MSMEs, corporates and lenders, and by keeping access to finance open on easy terms. ECLGS was a big factor that improved the quality of SME loans and also improved the overall profile of the MSME sector. Moreover, the government had revised the definition of MSME in 2020 which brought many large businesses into the MSME category while Covid was also taken care of to a large extent last year. Its positive impact is now visible. However, asset quality concerns have continued to prevail in coming days.
